Founded in 1932, Powell Orthotics & Prosthetics is the oldest and most distinguished Orthotic and Prosthetic firm in Richmond. Known for our unparalleled service and quality, we operate a full service patient care facility. "Providing A Lifetime of Care", a standard set over 75 years ago by our founder Thomas G. Powell, Sr.

Powell Orthotics & Prosthetics is an American Board of Certification Accredited Facility. These standards support ABC's mission to provide quality healthcare in O&P practices and consequently help increase efficiency and improve patient outcomes influencing the quality of orthotic and prosthetic patient care.

Integrity is very important to our employees. All of our practitioners are committed to providing honest and thorough evaluations. This can only be accomplished by building strong relationships with the rehabilitation team and the patient. This team approach helps facilitate more efficient positive outcomes.
